## **Overview**

Junee Shire Council is constituted under the Local Government Act 1993 (NSW) and has its principal place of business at:

29 Belmore Street Junee NSW 2663

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- · principles applying to the exercise of functions generally by council,
- · principles to be applied when making decisions,
- · principles of community participation,
- · principles of sound financial management, and
- principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note B1-2.

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: <a href="https://www.junee.nsw.gov.au">www.junee.nsw.gov.au</a>

# General Purpose Financial Statements

for the year ended 30 June 2022

# **Understanding Council's Financial Statements**

#### Introduction

Each year NSW local governments are required to present audited financial statements to their council and community.

#### What you will find in the Statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2022.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

#### **About the Councillor/Management Statement**

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

#### **About the Primary Financial Statements**

The financial statements incorporate five "primary" financial statements:

#### 1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### 2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, property, plant and equipment.

#### 3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

#### 4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

### 5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

## **About the Notes to the Financial Statements**

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

#### **About the Auditor's Reports**

Council's financial statements are required to be audited by the NSW Audit Office.

In NSW the auditor provides 2 audit reports:

- 1. an opinion on whether the financial statements present fairly the Council's financial performance and position, and
- 2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

# Who uses the Financial Statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the audit report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

# General Purpose Financial Statements

for the year ended 30 June 2022

Statement by Councillors and Management made pursuant to Section 413 (2c) of the *Local Government Act 1993* (NSW)

The attached general purpose financial statements have been prepared in accordance with:

- the Local Government Act 1993 and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

## To the best of our knowledge and belief, these statements:

- present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 20 September 2022.

# A About Council and these financial statements

# A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 20 September 2022. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993* (Act) and *Local Government (General) Regulation 2005* (Regulation), and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

#### Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain infrastructure, property, plant and equipment.

## Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

## Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future.

The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- i. estimated fair values of infrastructure, property, plant and equipment refer Note C1-6
- ii. estimated remediation provisions refer Note C3-5
- iii. employee benefit provisions refer Note C3-4.

#### Significant judgements in applying the Council's accounting policies

- i. Impairment of receivables refer Note C1-4.
- ii. Determination of whether performance obligations are sufficiently specific and whether the contract is within the scope of AASB 15 *Revenue from Contracts with Customers* and / or AASB 1058 *Income of Not-for-Profit Entities* refer to Notes B2-2 B2-4.
- iii. Determination of the lease term, discount rate (when not implicit in the lease) and whether an arrangement contains a lease refer to Note C2-1.

#### **Covid 19 Impact**

The COVID-19 pandemic has impacted global, domestic and local economies. As a result of this ongong pandemic, Council's operations and finances have been impacted. As part of Council's response to the pandemic, its business practices changed including remote work and closure of a number of Council owned and operated facilities including community centres and administration building.

Whilst this has caused some inconvenience in the short-term, it has not resulted in high cost to Council.

Council has assessed its long term sustainability as a result of the impacts of COVID-19 and believes that a going concern basis is still appropriate.

continued on next page ... Page 12 of 85

# A1-1 Basis of preparation (continued)

#### Monies and other assets received by Council

#### The Consolidated Fund

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993 (NSW)*, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

The Consolidated Fund has been included in the financial statements of the Council.

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

- General purpose operations
- Sewerage service
- Access Committee
- Arts and Cultural Commitee
- Events and Tourism Commitee
- Village and Rural Improvements Committee

#### **The Trust Fund**

In accordance with the provisions of Section 411 of the *Local Government Act 1993 (NSW)* (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these reports.

A separate statement of monies held in the Trust Fund is available for inspection at the council office by any person free of charge.

#### **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities that are recoverable from, or payable to, the taxation authority, are presented as operating cash flows.

## Volunteer services

Council's community transport service is supported by volunteers from the Junee community. Volunteer services are required to be recognised in the financial statements if they can be measured reliably, are material, and would be purchased if not provided by the volunteers.

In most instances, Council would not purchase the service if it was not provided by volunteers.

# New accounting standards and interpretations issued but not yet effective

#### New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2022 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

As of the date of authorisation of these financial statements, Council does not consider that any of these new (and still to be applied) standards and interpretations are likely to have a material impact on the Council's future financial statements, financial position, financial performance or cash flows.

continued on next page ... Page 13 of 85

# A1-1 Basis of preparation (continued)

# New accounting standards adopted during the year

During the year Council adopted all accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective from the first time on 30 June 2022.

None of these standards had a significant impact on reported position or performance.

# B Financial Performance

# B1 Functions or activities

# B1-1 Functions or activities – income, expenses and assets

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

|  | Income |        | Expenses |        | Expenses Operating result Grants and co |       | tributions | Carrying amou | nt of assets |         |

# B1-2 Components of functions or activities

#### Details relating to the Council's functions or activities as reported in B1-1 are as follows:

#### Governance

Includes costs relating to Council's role as a component of democratic government, including elections, members' fees and expenses, subscriptions to local authority associations, meetings of Council and policymaking committees, public disclosure (e.g.GIPA), and legislative compliance.

#### **Administration**

Includes corporate support and other support services, engineering works, and any Council policy compliance.

#### **Public order and safety**

Includes Council's fire and emergency services levy, fire protection, emergency services, enforcement of regulations and animal control.

#### **Environment**

Includes noxious plants and insect/vermin control; other environmental protection; solid waste management, including domestic waste; other waste management; other sanitation; and garbage, street cleaning, drainage and stormwater management.

Includes administration and education; social protection (welfare); migrant, Aboriginal and other community services and administration (excluding accommodation – as it is covered under 'housing and community amenities'); youth services; aged and disabled persons services; children's' services, including family day care; child care; and other family and children services.

#### Housing and community amenities

Includes public cemeteries; public conveniences; street lighting; town planning; other community amenities, including housing development and accommodation for families and children, aged persons, disabled persons, migrants and Indigenous persons.

## Sewerage services

Includes the provision of sewerage treatment and reticulation system for the collection of sewage within the Junee township.

### **Recreation and culture**

Includes public libraries; museums; art galleries; community centres and halls, including public halls and performing arts venues; sporting grounds and venues; swimming pools; parks; gardens; lakes; and other sporting, recreational and cultural services.

## Mining, manufacturing and construction

Includes building control, quarries and pits, mineral resources, and abattoirs.

## **Transport and communication**

Urban local, urban regional, includes sealed and unsealed roads, bridges, footpaths, parking areas, and aerodromes.

#### **Economic affairs**

Includes camping areas and caravan parks; tourism and area promotion; industrial development promotion; sale yards and markets; real estate development; commercial nurseries; and other business undertakings.

# B2 Sources of income

# B2-1 Rates and annual charges

| \$ '000  | 2022  | 2021  |
|--|-------|-------|
| Ordinary rates                                     |       |       |
| Residential  | 1,825 | 1,751 |
| Farmland   | 2,061 | 2,017 |
| Business   | 379   | 378   |
| Less: Pensioner rebates                            | (49)  | (50)  |
| Rates levied to ratepayers                         | 4,216 | 4,096 |
| Pensioner rate subsidies received                  | 45    | 45    |
| Total ordinary rates                               | 4,261 | 4,141 |
| Annual charges                                     |       |       |
| (pursuant to s.496, s.496A, s.496B, s.501 & s.611) |       |       |
| Domestic waste management services                 | 884   | 843   |
| Stormwater management services                     | 45    | 44    |
| Sewerage services                                  | 844   | 795   |
| Waste management services (non-domestic)           | 87    | 86    |
| Less: Pensioner rebates                            | (65)  | (65)  |
| Annual charges levied                              | 1,795 | 1,703 |
| Pensioner subsidies received:                      |       |       |
| - Sewerage   | 18    | 17    |
| <ul> <li>Domestic waste management</li> </ul>      | 18    | 18    |
| Total annual charges                               | 1,831 | 1,738 |
| Total rates and annual charges                     | 6,092 | 5,879 |

Council has used 2019 year valuations provided by the NSW Valuer General in calculating its rates.

#### **Accounting policy**

Rates and annual charges are recognised as revenue at the beginning of the rating period to which they relate. Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are recognised within the underlying revenue item based on their substance.

# B2-2 User charges and fees

| \$ '000   | 2022  | 2021  |
|---|-------|-------|
| User charges  |       |       |
| Sewerage services   | 340   | 360   |
| Waste management services (non-domestic)                        | 121   | 110   |
| Total user charges  | 461   | 470   |
| Fees  |       |       |
| Private works – section 67                                      | 124   | 1,076 |
| Regulatory/ statutory fees                                      | 325   | 233   |

| Transport for NSW works (state roads not controlled by Council) | 2,670 | 1,191 |
| Total fees  | 3,663 | 3,096 |
| Total user charges and fees                                     | 4,124 | 3,566 |
| Timing of revenue recognition for user charges and fees         |       |       |
| User charges and fees recognised over time                      | 3,611 | 2,163 |
| User charges and fees recognised at a point in time             | 513   | 1,403 |
| Total user charges and fees                                     | 4,124 | 3,566 |

## **Accounting policy**

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival or a deposit in advance. There is no material obligation for Council in relation to refunds or returns.

Where an upfront fee is charged such as joining fees for the leisure centre the fee is recognised on a straight-line basis over the expected life of the membership.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than over the term of the licence.

# B2-3 Other revenues

| \$ '000  | 2022 | 2021 |
|--|------|------|
| Australian Track Corporation - Inland Rail Reimbursement | 86   | _    |
| Commissions and agency fees                              | 132  | 137  |

| Legal fees recovery – rates and charges (extra charges)  | 18   | 15   |
| Recycling income (non-domestic)                          | 43   | 36   |
| Sales – Junee Junction Recreation & Aquatic Centre       | 64   | 52   |
| Other  | 50   | 142  |
| Total other revenue                                      | 551  | 751  |
| Timing of revenue recognition for other revenue          |      |      |
| Other revenue recognised over time                       | _    | _    |
| Other revenue recognised at a point in time              | 551  | 751  |
| Total other revenue                                      | 551  | 751  |

## Accounting policy for other revenue

Where the revenue relates to a contract with customer, the revenue is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

Where the revenue relates to a contract which is not enforceable or does not contain sufficiently specific performance obligations then revenue is recognised when an unconditional right to a receivable arises or the cash is received, which is earlier

# B2-4 Grants and contributions (continued)

# **Accounting policy**

#### Grants and contributions - enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an agreement which is enforceable and contains sufficiently specific performance obligations is recognised as or when control of each performance obligations is transferred.

The performance obligations vary according to the agreement. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods / services at a single time (e.g. completion of the project when a report / outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

#### Capital grants

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

#### **Developer contributions**

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act 1979* (EP&A Act).

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but Council may apply contributions according to the priorities established in work schedules for the contribution plan.

## Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

# B2-5 Interest and investment income

| \$ '000  | 2022 | 2021 |
|--|------|------|
| Interest on financial assets measured at amortised cost                            |      |      |

| Fringe benefit tax (FBT)          | _     | 8     |
| Total employee costs              | 5,725 | 5,952 |
| Less: capitalised costs           | (560) | (778) |
| Total employee costs expensed     | 5,165 | 5,174 |

## **Accounting policy**

Employee benefit expenses are recorded when the service has been provided by the employee.

#### Retirement benefit obligations

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

## Superannuation plans

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

# B3-2 Materials and services

| \$ '000  | Notes | 2022  | 2021  |

| non-financial assets                                  |           | 3,689 | 3,377 |

# **Accounting policy**

#### **Depreciation and amortisation**

Depreciation and amortisation are calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives. Useful lives are included in Note C1-6 for IPPE assets and Note C2-1 for right of use assets.

#### Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

# B3-5 Other expenses

| \$ '000   | Notes | 2022 | 2021  |
|---|-------|------|-------|

| Riverina Regional Library contribution                                |       | 120  | 118   |
| Total other   |       | 701  | 582   |
| Total other expenses  |       | 755  | 457   |

# **Accounting policy**

Other expenses are recorded on an accruals basis when Council has an obligation for the expenses.

Impairment expenses are recognised when identified.

# B4 Gains or losses

# B4-1 Gain or loss from the disposal, replacement and de-recognition of assets

| \$ '000   | Notes | 2022  | 2021  |
|---|-------|-------|-------|
| Gain (or loss) on disposal of property (excl. investment property) Less: carrying amount of property assets sold/written off Gain (or loss) on disposal |       |       | (2)   |
| Gain (or loss) on disposal of infrastructure  Less: carrying amount of infrastructure assets sold/written off   | C1-6  |       | (611) |
| Gain (or loss) on disposal  |       |       | (611) |
| Gain (or loss) on disposal of real estate assets held for sale  | C1-5  |       |       |
| Proceeds from disposal – real estate assets   |       | 1,926 | 466   |
| Less: carrying amount of real estate assets sold/written off  |       | (811) | (85)  |
| Gain (or loss) on disposal  |       | 1,115 | 381   |
| Other (Operational & community land) Less: carrying amount of Other (Operational & community land) assets   |       |       |       |
| sold/written off  |       | _     | (80)  |
| Gain (or loss) on disposal  |       | _     | (80)  |
| Net gain (or loss) from disposal of assets  |       | 1,115 | (312) |

## **Accounting policy**

Gains and losses on disposals are determined by comparing proceeds with carrying amount. The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer and the asset is de-recognised.

# B5 Performance against budget

# B5-1 Material budget variations

Council's original budget was adopted by the Council on 22/06/2021 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

**Material variations of more than 10%** between original budget and actual results or where the variance is considered material by nature are explained below.

**Variation Key: F** = Favourable budget variation, **U** = Unfavourable budget variation.

| 2022   | 2022           | 202                        | 2   |   |
|--------|----------------|----------------------------|---|---|
| Budget | Actual         | Variance                   |   |   |
|        |                |                            |   |   |
| 6,123  | 6,092          | (31)                       | (1)%  | U   |
| 3,977  | 4,124          | 147                        | 4%  | F   |
| 1,076  | 551            | (525)                      | (49)%   | U   |
|        | 6,123<br>3,977 | 6,123 6,092<br>3,977 4,124 | Budget Actual Varial 6,123 6,092 (31) 3,977 4,124 147 | Budget         Actual         Variance           6,123         6,092         (31)         (1)%           3,977         4,124         147         4% |

The budgeted service delivery for private works did not progress as originally budgeted due to the change over of key engineering staff throughout the financial year.

#### Operating grants and contributions

4,554

7,772

3.218

71% F

Council budgets conservatively for operating grants and contributions so as to avoid reliance on unsecured funding.

Council received additional unbudgeted operating grants and contributions during the year, the most significant amounts were in relation to the advanced Financial Assistance Grant payment from the Australian Federal Government.

#### Capital grants and contributions

1,145

1,697

552

48% F

Council budgets conservatively for capital grants and contributions so as to avoid reliance on unsecured funding.

#### Interest and investment revenue

79

40

(31)

(39)% L

Interest and investment revenue was unfavourable against the budget due to the historically low cash rate for the financial year and low margins offered due to the lower demand for funds from banks.

## Net gains from disposal of assets

465

1,115

650

140%

F

Council received additional unbudgeted net gains from the disposal of assets during the year, primarily as a result of the sale of additional lots as part of the John Potts Stage 8 development.

#### Other income

134

259

125

93% F

Page 28 of 85

Other income exceeded the budget due to the fair value increment of investment properties held and the recognition of volunteer services income.

continued on next page ...

# B5-1 Material budget variations (continued)

|   | 2022   | 2022   | 2022  |       |   |  |
|---|--------|--------|-------|-------|---|--|
| \$ '000   | Budget | Actual | Varia | nce   |   |  |
| Expenses  |        |        |       |       |   |  |
| Employee benefits and on-costs                                    | 5,189  | 5,165  | 24    | 0%    | F |  |
| Materials and services  | 7,767  | 7,059  | 708   | 9%    | F |  |
| Borrowing costs   | 450    | 430    | 20    | 4%    | F |  |
| Depreciation, amortisation and impairment of non-financial assets | 3,453  | 3,689  | (236) | (7)%  | U |  |
| Other expenses  | 485    | 755    | (270) | (56)% | U |  |

Council's other expenses exceeded budget as a result of an increase in impairment receivables not being included in the original budget and additional expenses recognised for volunteer donations.

## Statement of cash flows

Cash flows from operating activities 2,914 7,120 4,206 144%

This variation to original budget is a result of Council receiving additional grants and contributions payments during the financial year, which were either outstanding receivables or unbudgeted for the financial year, in particular the advanced Financial Assistance Grant payment from the Australian Federal Government.

Cash flows from investing activities (3,696) (6,058) (2,362) 64% U

This variation is primarily a result of the successful sale of of residential lots as part of Council's John Potts Stage 8 development, investment of surplus monies in longer term deposit, and acquisition of an investment property.

Cash flows from financing activities (1,117) (900) 217 (19)% F

The variation is a result of the Council not making additional borrowing repayments as contemplated within the original budget for 2021/2022.

| Balance as per the Statement of Cash Flows                          | 3,749 | 3,587 |

## **Accounting policy**

For Statement of Cash Flow presentation purposes, cash and cash equivalents include: cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

## **Accounting policy**

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

## **Financial assets**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

## Classification

On initial recognition, Council classifies its financial assets into the following categories - those measured at:

- · amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition.

# C1-2 Financial investments (continued)

#### **Amortised cost**

Council's financial assets measured at amortised cost comprise trade and other receivables, term deposits and cash and cash equivalents in the Statement of Financial Position. Term deposits with an initial term of more than 3 months are classified as investments rather than cash and cash equivalents.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, impairment and gains or loss on de-recognition are recognised in profit or loss.

#### Financial assets through profit or loss

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss.

Net gains or losses, including any interest or dividend income, are recognised in profit or loss.

## **Accounting policy**

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

#### **Impairment**

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When estimating ECL, Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day 1.

When considering the ECL for rates and annual charges debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Credit losses are measured at the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

Council writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the receivables are over five years past due, whichever occurs first.

Where Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

# **Accounting policy**

## Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Land held for resale

Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed, borrowing costs and other holding charges are expensed as incurred.

Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

## C1-6 Infrastructure, property, plant and equipment (continued)

#### **Accounting policy**

#### Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes.

When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

#### **Useful lives of IPPE**

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

| Plant and equipment               | Years     | Other equipment                      | Years     |
|-----------------------------------|-----------|--------------------------------------|-----------|
| Office equipment                  | 5 to 10   | Playground equipment                 | 5 to 15   |
| Office furniture                  | 5 to 20   | Benches, seats etc.                  | 10 to 20  |
| Computer equipment                | 5         |                                      |           |
| Vehicles                          | 5 to 10   | Buildings                            |           |
| Heavy plant/road making equipment | 5 to 8    | Buildings: masonry                   | 50 to 100 |
| Other plant and equipment         | 5 to 15   | Buildings: other                     | 20 to 40  |
| Water and sewer assets            |           | Stormwater assets                    |           |
| Dams and reservoirs               | 80 to 100 | Drains                               | 80 to 120 |
| Bores                             | 20 to 40  | Culverts                             | 50 to 120 |
| Reticulation pipes: PVC           | 177       | Flood control structures             | 80 to 120 |
| Reticulation pipes: other         | 80 to 97  |                                      |           |
| Pumps and telemetry               | 10 to 20  |                                      |           |
| Transportation assets             |           | Other infrastructure assets          |           |
| Bridges                           | 100       | Swimming pools                       | 50        |
| Major Culverts                    | 100       | Other open space/recreational assets | 20        |
| Footpaths                         | 50        | Other infrastructure                 | 20        |
| Pavement Sub-Base                 | 152       |                                      |           |
| Pavement Base                     | 76        |                                      |           |
| Unsealed Pavement Base            | 27        |                                      |           |
| Primer Seal                       | 5         |                                      |           |
| Wearin Course (Seal)              | 20        |                                      |           |
| Kerb & Gutter                     | 75        |                                      |           |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

#### **Revaluation model**

Infrastructure, property, plant and equipment are held at fair value. Comprehensive valuations are performed at least every five years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Department of Planning, Industry and Environment – Water.

Increases in the carrying amounts arising on revaluation are credited to the IPPE revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against IPPE revaluation reserve to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

## C1-6 Infrastructure, property, plant and equipment (continued)

#### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008. Land under roads acquired after 1 July 2008 is recognised in accordance with the IPPE accounting policy.

#### **Crown reserves**

Crown reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

#### **Rural Fire Service assets**

Under Section 119 of the *Rural Fire Services Act 1997 (NSW)*, "all firefighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the firefighting equipment has been purchased or constructed".

Not withstanding this, Council is of the view that it does not control the Rural Fire Service assets and has made representations to the NSW Government proposing that the legislation to be changed to remove any ambiguity.

Until such time as discussions on this matter have concluded and the legislation changed, Council will not recognise rural fire assets including buildings, and plant and vehicles.

## C1-7 Investment properties

| \$ '000                                     | 2022 | 2021 |
|---|------|------|
| Owned investment property                   |      |      |
| Investment property on hand at fair value   | 330  | _    |
| Total owned investment property             | 330  | _    |
| At fair value                               |      |      |
| Acquisitions                                | 276  | _    |
| Net gain/(loss) from fair value adjustments | 54   | _    |
| Closing balance at 30 June                  | 330  | _    |

Investment property, principally freehold rental property, is held for long-term rental yields and is not occupied by Council. Changes in fair value are recorded in the Income Statement as part of other income.

## C2 Leasing activities

## C2-1 Council as a lessee

Council has leases over a range of assets such as vehicles, machinery and IT equipment. Information relating to the leases in place and associated balances and transactions is provided below.

#### Terms and conditions of leases

#### Vehicles and machinery

Council leases vehicles and machinery with lease terms varying from two to 10 years; the lease payments are fixed during the lease term and there is generally no renewal option.

#### Office and IT equipment

Leases for office and IT equipment are generally low-value assets, except for significant items such as photocopiers. The leases are between two and five years with no renewal option, the payments are fixed, however, some of the leases include variable payments based on usage.

## (a) Right of use assets

## C2-1 Council as a lessee (continued)

### (d) Income Statement

The amounts recognised in the Income Statement relating to leases where Council is a lessee are shown below:

| \$ '000 |                                   | 2022 | 2021 |
|---------|-----------------------------------|------|------|
| Interes | t on lease liabilities            | 47   | 57   |
| Deprec  | siation of right of use assets    | 283  | 359  |
| Expens  | ses relating to short-term leases | 37   | 44   |
| Expens  | ses relating to low-value leases  | 3    | 6    |
|         |                                   | 370  | 466  |
| (e)     | Statement of Cash Flows           |      |      |
| Total c | ash outflow for leases            | 352  | 458  |
|         |                                   | 352  | 458  |

#### **Accounting policy**

At inception of a contract, Council assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration?

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

At the lease commencement, Council recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where Council believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives received. The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

The lease liability is initially recognised at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Council's incremental borrowing rate for a similar term with similar security is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is re-measured when there is a lease modification, or change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI).

Where the lease liability is re-measured, the right-of-use asset is adjusted to reflect the re-measurement.

#### **Exceptions to lease accounting**

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

### Leases at significantly below market value / Concessionary leases

Council has elected to measure the right of use asset arising from the concessionary leases at cost which is based on the associated lease liability at initial recognition.

72

### C2-2 Council as a lessor

## **Operating leases**

Council leases out a number of properties and /or plant and equipment to community groups; these leases have been classified as operating leases for financial reporting purposes and the assets are included in the Statement of Financial Position as:

- investment property where the asset is held predominantly for rental or capital growth purposes (refer note C1-7)
- property, plant and equipment where the rental is incidental, or the asset is held to meet Councils service delivery objective (refer note C1-6).

| <u>\$ '000</u>   | 2022                | 2021     |
|--|---------------------|----------|
| (i) Assets held as investment property Investment property operating leases relate to 6 George St and Willow Park Cottage. |                     |          |
| The amounts recognised in the Income Statement relating to operating leases where Council                                  | is a lessor are sho | wn below |
| Lease income (excluding variable lease payments not dependent on an index or rate)   | 22                  | 23       |
| Total income relating to operating leases for investment property assets   | 22                  | 23       |
| Operating lease expenses Investment properties   |                     |          |
| Direct operating expenses that generated rental income   | 6                   | 2        |
| Total expenses relating to operating leases  | 6                   | 2        |

#### (ii) Assets held as property, plant and equipment

Council provides operating leases on Council owned buildings for the purpose of service delivery objectives, as well as entering into leaseback arrangements with some staff for use of Council owned vehicles. The table below relates to operating leases on assets disclosed in C1-6.

| Total income relating to operating leases for Council assets | 99 | 72 |
|--|----|----|
| Operating lease expenses                                     |    |    |
| Land and property  |    |    |
| Direct operating expenses that generated rental income       | 11 | 10 |
| other leased assets expenses                                 |    |    |

| < 1 year   | 102 | 71  |
| 1–2 years  | 96  | 76  |
| 2–3 years  | 86  | 82  |
| 3–4 years  | 92  | 87  |
| 4–5 years  | 31  | 93  |
| > 5 years  | 31  | 32  |
| Total undiscounted lease payments to be received                   | 438 | 441 |

## C2-2 Council as a lessor (continued)

### **Accounting policy**

When Council is a lessor, the lease is classified as either an operating or finance lease at inception date, based on whether substantially all of the risks and rewards incidental to ownership of the asset have been transferred to the lessee. If the risks and rewards have been transferred then the lease is classified as a finance lease, otherwise it is an operating lease.

When Council has a sub-lease over an asset and is the intermediate lessor then the head lease and sub-lease are accounted for separately. The classification of the sub-lease is based on the right-of-use asset which arises from the head lease rather than the useful life of the underlying asset.

If the lease contains lease and non-lease components, the non-lease components are accounted for in accordance with AASB 15 Revenue from Contracts with Customers.

The lease income is recognised on a straight-line basis over the lease term for an operating lease and as finance income using amortised cost basis for finance leases.

## C3 Liabilities of Council

## C3-1 Payables

|  | 2022    | 2022        | 2021    | 2021        |

### **Accounting policy**

Council measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

Payables represent liabilities for goods and services provided to Council prior to the end of financial year that are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

### C3-2 Contract Liabilities

#### **Notes**

(i) Council has received funding to construct assets including sporting facilities and other infrastructure. The funds received are under an enforceable contract which require Council to construct an identified asset which will be under Council's control on completion.

The revenue is recognised as Council constructs the asset and the contract liability reflects the funding received which cannot yet be recognised as revenue. The revenue is expected to be recognised in the next 12 months.

- (ii) The contract liability relates to grants received prior to the revenue recognition criteria in AASB 15 being satisfied since the performance obligations are ongoing.
- (iii) Upfront membership fees for the leisure centre do not meet the definition of a performance obligation and therefore the funds received are recorded as a contract liability on receipt and recognised as revenue over the expected average membership life.

#### **Accounting policy**

Contract liabilities are recorded when consideration is received from a customer / fund provider prior to Council transferring a good or service to the customer, Council presents the funds which exceed revenue recognised as a contract liability.

## C3-3 Borrowings

| \$ '000                                       | 2022    | 2022         | 2021    | 2021        |

## C3-3 Borrowings (continued)

#### (b) **Financing arrangements** \$ '000 2022 2021 **Total facilities** Bank overdraft facilities 1 250 250 Credit cards/purchase cards 20 10 **Total financing arrangements** 260 270 **Undrawn facilities** - Bank overdraft facilities 250 250 - Credit cards/purchase cards 20 10 Total undrawn financing arrangements 260 270

#### **Accounting policy**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Income Statement over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent that there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or finance cost.

Borrowings are classified as current liabilities unless Council has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

<sup>(1)</sup> The bank overdraft facility may be drawn at any time and may be terminated by the bank without notice.

## C3-4 Employee benefit provisions

|                                   | 2022    | 2022        | 2021    | 2021        |
|-----------------------------------|---------|-------------|---------|-------------|
| \$ '000                           | Current | Non-current | Current | Non-current |
| Annual leave                      | 603     | _           | 610     | _           |

| Other leave - TIL                 | 26      | _           | 20      | _           |
| Total employee benefit provisions | 1,759   | 83          | 1,949   | 118         |

#### Current employee benefit provisions not anticipated to be settled within the next twelve months

| \$ '000  | 2022  | 2021  |
|--|-------|-------|
| The following provisions, even though classified as current, are not expected to be settled in the next 12 months. |       |       |
| Provisions – employees benefits  | 1,298 | 1,457 |
|  | 1,298 | 1,457 |

#### **Accounting policy**

Employee benefit provisions are presented as current liabilities in the Statement of Financial Position if Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur and therefore all annual leave and vested long service leave (or that which vests within 12 months) is presented as current.

#### **Short-term obligations**

Liabilities for wages and salaries (including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service) are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

#### Other long-term employee benefit obligations

The liability for long-service leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

#### On-costs

The employee benefit provisions include the aggregate on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include superannuation, payroll tax and workers compensation expenses which will be payable upon the future payment of certain leave liabilities which employees are entitled to at the reporting period.

#### C3-5 Provisions

| At beginning of year                  | 4                 | 4       |
| Total other provisions at end of year | 4                 | 4       |

#### **Accounting policy**

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a borrowing cost.

#### Asset remediation – tips and quarries

#### Restoration

Close-down and restoration costs include the dismantling and demolition of infrastructure, and the removal of residual materials and remediation of disturbed areas. Estimated close-down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs.

Provisions for close-down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The costs are estimated on the basis of a closure plan. The cost estimates are calculated annually during the life of the operation to reflect known developments, e.g. updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals.

#### Rehabilitation

Where rehabilitation is conducted systematically over the life of the operation, rather than at the time of closure, provision is made for the estimated outstanding continuous rehabilitation work at each reporting date, and the cost is charged to the Income Statement.

Provision is made for the estimated present value of the costs of environmental clean-up obligations outstanding at the reporting date. These costs are charged to the Income Statement. Movements in the environmental clean-up provisions are presented as an operating cost, except for the unwinding of the discount which is shown as a borrowing cost.

Remediation procedures generally commence soon after the time the damage, remediation process, and estimated remediation costs become known, but may continue for many years depending on the nature of the disturbance and the remediation techniques.

As noted above, the ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors, including changes to the relevant legal requirements, the emergence of new restoration techniques, or experience at other locations. The expected timing of expenditure can also change, for example in response to changes in quarry reserves

## C3-5 Provisions (continued)

or production rates. As a result, there could be significant adjustments to the provision for close down and restoration and environmental clean-up, which would affect future financial results.

Other movements in the provisions for close-down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations, and revisions to discount rates, are capitalised within property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

Close-down and restoration costs are a normal consequence of tip and quarry operations, and the majority of close-down and restoration expenditure is incurred at the end of the life of the operations. Although the ultimate cost to be incurred is uncertain, Council estimates the respective costs based on feasibility and engineering studies using current restoration standards and techniques.

## C4 Reserves

## C4-1 Nature and purpose of reserves

#### **IPPE** Revaluation reserve

The infrastructure, property, plant and equipment (IPPE) revaluation reserve is used to record increments and decrements in the revaluation of infrastructure, property, plant and equipment.

#### Fair value through other comprehensive income reserve (FVOCI)

Changes in the fair value of financial assets are taken through the fair value through other comprehensive income revaluation reserve. The accumulated changes in fair value are transferred to profit or loss when the financial asset is derecognised or impaired.

## D Council structure

## D1 Results by fund

General fund refers to all Council activities other than sewer. All amounts disclosed in this note are gross i.e. inclusive of internal charges and recoveries made between the funds. Assets and liabilities shown in the sewer column are restricted for use for these activities.

## D1-1 Income Statement by fund

## E Risks and accounting uncertainties

## E1-1 Risks relating to financial instruments held

Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance team manages the cash and Investments portfolio with the assistance of independent advisors. Council has an investment policy which complies with the s 625 of the Act and the Ministerial Investment Order. The policy is regularly reviewed by Council and a monthly investment report is provided to Council setting out the make-up performance of the portfolio as required by local government regulations.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance team under policies approved by the Councillors.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

Risks summary

The risks associated with the financial instruments held are:

- interest rate risk the risk that movements in interest rates could affect returns
- liquidity risk the risk that Council will not be able to pay its debts as and when they fall due.
- credit risk the risk that a contracting entity will not complete its obligations under a financial instrument, resulting in a financial loss to the Council.

Council manages these risks by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees. Council also seeks advice from independent advisers before placing any cash and investments.

## E1-1 Risks relating to financial instruments held (continued)

### (b) Credit risk

Council's major receivables comprise rates, annual charges, user charges and fees.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures. Council also encourages ratepayers to pay their rates by the due date through incentives.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk other than Council has significant credit risk exposures in its local area given the nature of Council activities.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance. The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable in the financial statements.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

#### Credit risk profile

#### Receivables - rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to recover these debts as a secured charge over the land; that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages payment.

| \$ '000                       | Not yet overdue | < 5 years | > 5 years overdue | Total |
|-------------------------------|-----------------|-----------|-------------------|-------|
| 2022<br>Gross carrying amount | -               | 455       | 18                | 473   |
| 2021<br>Gross carrying amount | -               | 547       | 61                | 608   |

### Receivables - non-rates and annual charges and contract assets

Council applies the simplified approach for non-rates and annual charges debtors and contract assets to provide for expected credit losses, which permits the use of the lifetime expected loss provision at inception. To measure the expected credit losses, non-rates and annual charges debtors and contract assets have been grouped based on shared credit risk characteristics and the days past due.

The loss allowance provision is determined as follows. The expected credit losses incorporate forward-looking information.

|                        | Not yet |             | Overdue      | debts        |           |        |
|------------------------|---------|-------------|--------------|--------------|-----------|--------|

## E1-1 Risks relating to financial instruments held (continued)

## (c) Liquidity risk

Payables, lease liabilities and borrowings are both subject to liquidity risk; that is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels, and by maintaining an adequate cash buffer. Payment terms can be extended, and overdraft facilities drawn upon in extenuating circumstances.

Borrowings are also subject to interest rate risk: the risk that movements in interest rates could adversely affect funding costs. Council manages this risk through diversification of borrowing types, maturities and interest rate structures.

The finance team regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows for non-lease liabilities (refer to Note C2-1(b) for lease liabilities) and therefore the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

|                             | Weighted                    | Subject                      |                        | payable in: |           |                     | Actual             |

### E2-1 Fair value measurement

The Council measures the following asset and liability classes at fair value on a recurring basis:

- Infrastructure, property, plant and equipment

#### Fair value hierarchy

All assets and liabilities measured at fair value are assigned to a level in the fair value hierarchy as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

The table below shows the assigned level for each asset and liability held at fair value by Council:

|   |                   |           | Fair value n | neasureme | nt hierarchy | 1                                  |         |         |

### Valuation techniques

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The fair valuation techniques Council has employed while utilising level 2 and level 3 inputs are as follows:

#### **Financial assets**

Junee Shire Council received monthly valuations and statements from financial institutions that hold investment on behalf of

There has been no change in valuation techniques during the reporting year.

### E2-1 Fair value measurement (continued)

#### Infrastructure, property, plant and equipment (IPPE)

#### Plant, equipment, furniture, fittings, office equipment and library books

These asset classes are valued at cost, albeit disclosed at fair value in the notes. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items. Examples of asset types within these classes are as follows:

- · Plant & Equipment Graders, trucks, rollers, tractors and motor vehicles.
- Office Equipment Computer, photocopiers, tablets etc.
- · Furniture & Fittings Chairs, desks, cupboards etc.
- · Library Books Books

There has been no change to the valuation process during the reporting period.

#### Community and operational land

Community land was revalued as of 30 June 2022 in-house using the Land Value Search reports provided by the NSW Valuer-General. Community land has been valued using level 3 valuation inputs.

Council obtains fair values for operational land from an external valuer every five years using level 2 inputs.

Council's operational land was valued during the 2017/18 using the market approach.

An assessment has resulted in indexation being applied to operational land for 30 June 2022.

#### **Land Improvements - Depreciable and Other Structures**

Land improvements - depreciable and other structures comprise of playgrounds, lighting, irrigation systems, fencing, shade structures etc.

Adopting level 3 inputs, the cost approach has been applied as there is insufficient market based evidence for the adoption of level 2 inputs.

There has been no change to the valuation process during the reporting period.

An assessment has been undertaken resulting in indexation being applied to these assets classes for 30 June 2022.

#### **Buildings - Non-specialised and specialised**

Council's buildings were valued externally duing the 2017/18 using the cost approach for each asset.

There has been no change to the valuation process during the reporting period.

An assessment has been undertaken resulting in indexation being applied to these assets classes for 30 June 2022.

#### Roads (including bridges, footpaths, bulk eartworks) and other similar assets

The cost approach using level 3 inputs was used to value these asset classes. An internal revaluation was undertaken at February 2022 based on actual costs and assumptions from Council's Engineering Department.

There has been no change to the valuation process during the reporting period.

An assessment has been undertaken resulting in indexation being applied to these assets classes to reflect inflationary pressures experienced during the period from April 2022 to June 2022.

#### Stormwater drainage

Stormwater drainage asset class includes stormwater pits, stormwater pipes and open channels.

These assets were revalued internally in 2019/20 using the cost approach.

There has been no change to the valuation process during the reporting period.

An assessment has been undertaken resulting in indexation being applied to these assets classes for 30 June 2022.

## E2-1 Fair value measurement (continued)

#### **Sewerage Network**

Assets within this class comprise treatment works and sewerage mains.

The cost approach has been adopted to estimate the replacement cost for each componentised asset with different useful lives. These assets are indexed each year in accordance with the NSW Reference Rate Manual for Water Supply, Sewerage and Stormwater Assets as published by the Office of Water.

There has been no change to the valuation process during the reporting period.

## Fair value measurements using significant unobservable inputs (level 3)

Significant unobservable valuation inputs used (for level 3 asset classes) and their relationship to fair value.

The following table summarises the quantitative information relating to the significant unobservable inputs used in deriving the various level 3 asset class fair values.

|  | Valuation technique/s   | Unobservable inputs   |
|--|---|---|
| Infrastructure, property, plant and e  | equipment   |   |
| Plant, equipment, furniture, fittings and office equipment                     | Cost approach   | Current replacement cost of modern equivalent asset, asset condition, useful life and residual value                      |
| Operational land   | Market approach   | Price per square metre  |
| Community land   | Market approach. Land values obtained from the NSW Valuer-General | Land value, land area, level of restriction   |
| Land improvements - Depreciable  | Cost approach   | Current replacement cost of modern equivalent asset, asset condition, useful life and residual value                      |
| Buildings (including swimming pools and other recreational buildings)          | Cost approach   | Current replacement cost of modern equivalent asset, asset condition, useful life and residual value                      |
| Other structures   | Cost approach   | Unit rates per m2 Current replacement cost of modern equivalent asset, asset condition, useful life and residual value    |
| Roads (including bridges, footpaths, bulk earthworks) and other similar assets | Cost approach   | Unit rates per m2 Asset condition, remaining useful lives using componentisation.   |
|  |   | Unit rates per m2   |
| Stormwater drainage  | Cost approach   | Asset condition, remaining lives  |
| Sewerage network infrastructure  | Cost approach   | Unit rates per m2 Asset condition, remaining useful lives using componentisation  |
|  |   | Unit rates per m2   |
|  |   | NSW Reference Rate Manual for Water Supply, Sewerage and Stormwater Assets and checked against recent construction costs. |
| Library books  | Cost approach   | Current replacement cost of modern equivalent asset, asset condition, remaining lives, residual value                     |
| Quarry assets  | Cost approach   | Environmental legislation, timing of expected cash outflow, asset condition   |
| Other  | Cost approach   | Asset condition, remaining lives  |

## E2-1 Fair value measurement (continued)

A reconciliation of the movements in recurring fair value measurements allocated to Level 3 of the hierarchy is provided below:

|  | Total IPP&E |         |  |
|--|-------------|---------|--|
|  | I Otal IPF  | '&E     |  |
| \$ '000  | 2022        | 2021    |  |
| Opening balance  | 125,109     | 111,578 |  |
| Total gains or losses for the period                           |             |         |  |
| Recognised in other comprehensive income – revaluation surplus | 44,922      | 1,366   |  |
| Other movements  |             |         |  |
| Purchases  | 7,616       | 15,898  |  |
| Disposals  | (16)        | (815)   |  |
| Depreciation and impairment                                    | (3,406)     | (2,918) |  |
| Closing balance  | 174,225     | 125,109 |  |

## Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

## E3-1 Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

#### LIABILITIES NOT RECOGNISED

#### Defined benefit plan

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme, named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a 'multi-employer fund' for purposes of AASB119 Employee Benefits for the following reasons:

- Assets are not segregated within the sub-group according to the employees of each sponsoring employer.
- The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.
- Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer.
- The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

Description of the funding arrangements.

Pooled Employers are required to pay standard employer contributions and additional lump sum contributions to the fund.

The standard employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current standard employer contribution rates are::

| Division B | 1.9 times member contributions for non-180 Point Members;<br>Nil for 180 Point Members* |
|------------|---|
| Division C | 2.5% salaries   |
| Division D | 1.64 times member contributions   |

<sup>\*</sup> For 180 Point Members, Employers are required to contribute 7.5% of salaries for the year ending 30 June 2022 (increasing to 8.0% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The past service contribution for each Pooled Employer is a share of the total past service contributions of \$40.0 million for 1 July 2020 to 30 June 2022, apportioned according to each employer's share of the accrued liabilities as at 30 June 2020. These contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

Description of the extent to which Council can be liable to the plan for other Council's obligations under the terms and conditions of the multi-employer plan

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding additional contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the Council.

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

The amount of Council employer contributions to the defined benefit section of the Local Government Superannuation Scheme and recognised as an expense for the year ending 30 June 2022 was \$ 118,758.57. The last valuation of the Scheme was performed by fund actuary, Richard Boyfield, FIAA as at 30 June 2021.

continued on next page ... Page 58 of 85

## E3-1 Contingencies (continued)

Council's expected contribution to the plan for the next annual reporting period is \$126,041.79.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2022 is:

| Employer reserves only * | \$millions | Asset Coverage |
|--------------------------|------------|----------------|
| Assets                   | 2,376.6    |                |
| Past Service Liabilities | 2,380.7    | 99.8%          |
| Vested Benefits          | 2,391.7    | 99.4%          |

<sup>\*</sup> excluding other accumulation accounts and reserves in both assets and liabilities.

Council's share of that deficiency cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils. For this reason, no liability for the deficiency has been recognised in Council's accounts. Council has a possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

| Investment return  | 5.5% per annum |
|--------------------|----------------|
| Salary inflation * | 3.5% per annum |
| Increase in CPI    | 2.5% per annum |

<sup>\*</sup> Plus promotional increases

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group.

#### (ii) Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30/6 this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

#### (iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW local government industry and specifically Council.

Council has a contingent liability to contribute further equity in the event of the erosion of the company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

These future equity contributions would be required to maintain the company's minimum level of net assets in accordance with its licence requirements.

#### (iv) Other guarantees

Council has provided no other guarantees other than those listed above.

#### 2. Other liabilities

#### (i) Third party claims

The Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its insurance coverage and does not expect any material liabilities to eventuate.

continued on next page ... Page 59 of 85

## E3-1 Contingencies (continued)

#### (ii) Potential land acquisitions due to planning restrictions imposed by Council

Council has classified a number of privately owned land parcels as local open space or bushland.

As a result, where notified in writing by the various owners, Council will be required to purchase these land parcels.

At reporting date, reliable estimates as to the value of any potential liability (and subsequent land asset) from such potential acquisitions has not been possible.

#### **ASSETS NOT RECOGNISED**

#### (i) Land under roads

As permitted under AASB 1051, Council has elected not to bring to account land under roads that it owned or controlled up to and including 30/6/08.

#### (ii) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

## F People and relationships

## F1 Related party disclosures

## F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the Council are those persons having the authority and responsibility for planning, directing and controlling the activities of the Council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

| \$ '000                  | 2022 | 2021 |
|--------------------------|------|------|
| Compensation:            |      |      |
| Short-term benefits      | 850  | 824  |
| Post-employment benefits | 79   | 70   |
| Other long-term benefits | 19   | 17   |
| Termination benefits     | _    | 17   |
| Total                    | 948  | 928  |

## Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of KMP using Council services (e.g. access to library or Council swimming pool) will not be disclosed.

| Nature of the transaction<br>\$ '000                       | Transactions<br>during the year | Outstanding<br>balances<br>including<br>commitments | Terms and conditions | Impairment<br>provision on<br>outstanding<br>balances | Impairment<br>expense |

Under the *Environmental Planning and Assessment Act 1979*, Council has significant obligations to provide Section 7.11 (contributions towards provision or improvement of amenities or services) infrastructure in new release areas.

It is possible that the funds contributed may be less than the cost of this infrastructure, requiring Council to borrow or use general revenue to fund the difference.

## H Additional Council disclosures (unaudited)

## H1-1 Statement of performance measures – consolidated results (graphs)

#### 1. Operating performance ratio

# Purpose of operating performance ratio

This ratio measures Council's achievement of containing operating expenditure within operating revenue.

#### Commentary on 2021/22 result

2021/22 ratio 9.30%

Council's Operating Performance ratio has increased from (3.33)% to 9.30% in 2021/22 due to the sale of John Potts Stage 8 development and the advanced Financial Assistance Grant receipt from the Australian Federal Government.

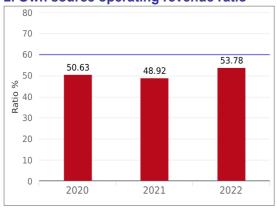

Benchmark: - > 0.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

#### 2. Own source operating revenue ratio

# Purpose of own source operating revenue ratio

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions.

#### Commentary on 2021/22 result

2021/22 ratio 53.78%

Grants and contributions continue to represent a significant portion of Council's income, which inhibits Council's ability to achieve the 60% Own Source Operating Revenue benchmark.

Benchmark: — > 60.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

#### 3. Unrestricted current ratio

# Purpose of unrestricted current ratio

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council.

#### Commentary on 2021/22 result

2021/22 ratio 2.58x

Council's unrestricted current ratio of 2.58x indicates that it has sufficient unrestricted current assets available to service its unrestricted current liabilities. A ratio of 2.58x is considered sound and demonstrates Council's continued ability to satisfy its short term obligations.

Benchmark: — > 1.50x

## Statement of performance measures – consolidated results (graphs) (continued)

#### 4. Debt service cover ratio

#### Purpose of debt service cover ratio

This ratio measures the availability of operating cash to service debt including interest, principal and lease payments

#### Commentary on 2021/22 result

2021/22 ratio 4.41x

Council's debt service ratio has increased to 4.41x for 2021/22, from 2.23x in 2020/21. This increase is a result of decrease loan repayments associated with the Council's past years loan borrowing programs. Council continues to exceed the 2.00x benchmark.

Benchmark: -> 2.00x

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

#### 5. Rates and annual charges outstanding percentage

## Purpose of rates and annual charges outstanding percentage

To assess the impact of uncollected rates and annual charges on Council's liquidity and the adequacy of recovery efforts.

#### Commentary on 2021/22 result

2021/22 ratio 7.43%

This ratio indicates the outstanding rates and annual charges at the end of the financial year. As at 30 June 2022, Council had 7.43% of rates and annual charges outstanding. Council continues to remain below the 10.0% benchmark for Rural Councils.

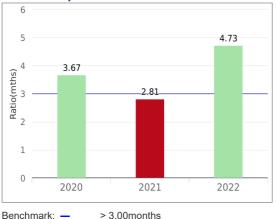

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

6. Cash expense cover ratio

Benchmark: -

### Purpose of cash expense cover ratio

This liquidity ratio indicates the number of months a Council can continue paying for its immediate expenses without additional cash inflow

### Commentary on 2021/22 result

2021/22 ratio 4.73 months

The cash expense cover ratio result of 4.73 months indicates Council's ability to be able to cover its immediate expenses without additional cash flows.

#### INDEPENDENT AUDITOR'S REPORT

# Report on the general purpose financial statements Junee Shire Council

To the Councillors of Junee Shire Council

#### **Qualified Opinion**

I have audited the accompanying financial statements of Junee Shire Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2022, the Statement of Financial Position as at 30 June 2022, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, except for the effects of the matter described in the 'Basis for Qualified Opinion' section of my report:

- the Council's accounting records have been kept in accordance with the requirements of the Local Government Act 1993, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
  - have been prepared, in all material respects, in accordance with the requirements of this Division
  - are consistent with the Council's accounting records
  - present fairly, in all material respects, the financial position of the Council as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My qualified opinion should be read in conjunction with the rest of this report.

#### **Basis for Qualified Opinion**

#### Non recognition of rural fire-fighting assets

As disclosed in Note C1-6 to the financial statements, the Council has not recognised rural fire-fighting equipment and buildings located on land that is controlled and recognised by the Council as assets within 'Infrastructure, property, plant and equipment' in the Statement of Financial Position at 30 June 2022. In my opinion, these assets are controlled by the Council and should be recognised as assets in accordance with AASB 116 'Property, Plant and Equipment'.

Australian Accounting Standards refers to control of an asset as being the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Rural fire-fighting buildings are controlled by the Council as the buildings are located on land that is controlled and recognised by the Council. This gives the Council the ability to allow or prevent other entities from directing the use of, and obtaining the benefits from these assets. Rural fire-fighting equipment is controlled by the Council as:

- these assets are vested in the Council under section 119(2) of the *Rural Fires Act 1997* (Rural Fires Act), giving the Council legal ownership
- the Council has the ability, outside of emergency events as defined in section 44 of the Rural Fires Act, to prevent the NSW Rural Fire Service from directing the use of the rural fire-fighting equipment by either not entering into a service agreement, or cancelling the existing service agreement that was signed on 21 August 2007
- the Council has specific responsibilities for fire mitigation and safety works and bush fire hazard reduction under Part 4 of the Rural Fires Act. The Council obtains economic benefits from the rural fire-fighting equipment as these assets are used to fulfil Council's responsibilities
- in the event of the loss of an asset, the insurance proceeds must be paid into the New South Wales Rural Fire Fighting Fund (section 119(4) of the Rural Fires Act) and be used to reacquire or build a similar asset, which is again vested in the Council as an asset provided free of charge.

The Council has not undertaken procedures to confirm the completeness, accuracy, existence or condition of these assets. Nor has the Council performed procedures to identify the value of assets vested in it during the year. When these assets are vested, no financial consideration is required from the Council and as such these are assets provided to Council free-of-charge.

This is a limitation on the scope of my audit as I was unable to obtain sufficient appropriate audit evidence to:

- support the carrying values of rural fire-fighting equipment and buildings located on land that is controlled and recognised by the Council that should be recorded in the Statement of Financial Position and related notes as at 30 June 2022
- determine the impact on the 'Accumulated surplus' in the Statement of Changes in Equity and Statement of Financial Position
- determine the amount of 'Grants and contributions provided for capital purposes' income from any rural fire-fighting equipment assets vested as an asset received free of charge during the year and/or 'Depreciation, amortisation and impairment of non-financial assets' expense that should be recognised in the Income Statement for the year ended 30 June 2022
- determine the impact on the 'Operating performance' and 'Own source operating revenue' ratios in Note G4-1 'Statement of performance measures – consolidated results' and Note G4-2 'Statement of performance measures by fund'.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

#### Other Information

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

#### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 'Material budget variations'
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates

- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

antis.

Hong Wee Soh Delegate of the Auditor-General for New South Wales

20 October 2022 SYDNEY

Cr Neil Smith Mayor Junee Shire Council PO Box 93 JUNEE NSW 2663

Contact: Hong Wee Soh

Phone no: 02 9275 7397

Our ref: D2221774/1745

20 October 2022

Dear Mayor

# Report on the Conduct of the Audit for the year ended 30 June 2022 Junee Shire Council

I have audited the general purpose financial statements (GPFS) of the Junee Shire Council (the Council) for the year ended 30 June 2022 as required by section 415 of the *Local Government Act* 1993 (the Act).

I expressed a modified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2022 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

#### SIGNIFICANT AUDIT ISSUES AND OBSERVATIONS

I identified the following significant audit issues and observations during my audit of the Council's financial statements. These issues and observations were addressed as part of my audit.

#### Modification to the opinion in the Independent Auditor's Report

#### Rural fire-fighting assets not recognised in the financial statements

The Council has not recognised rural fire-fighting equipment and buildings located on land that is controlled and recognised by the Council within 'Infrastructure, property, plant and equipment' in the Statement of Financial Position at 30 June 2022. In my opinion, these assets are controlled by the Council and should be recognised as assets in accordance with AASB 116 'Property, Plant and Equipment'.

Australian Accounting Standards refers to control of an asset as being the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Rural fire-fighting buildings are controlled by the Council as the buildings are located on land that is controlled and recognised by the Council. This gives the Council the ability to allow or prevent other entities from directing the use of, and obtaining the benefits from these assets. Rural fire-fighting equipment is controlled by the Council as:

• these assets are vested in the Council under section 119(2) of the *Rural Fires Act 1997* (Rural Fires Act), giving the Council legal ownership

**OFFICIAL: Sensitive - NSW Government** 

- the Council has the ability, outside of emergency events as defined in section 44 of the Rural Fires Act, to prevent the NSW Rural Fire Service from directing the use of the rural fire-fighting equipment by either not entering into a service agreement, or cancelling the existing service agreement that was signed on 21 August 2007
- the Council has specific responsibilities for fire mitigation and safety works and bush fire hazard reduction under Part 4 of the Rural Fires Act. The Council obtains economic benefits from the rural fire-fighting equipment as these assets are used to fulfil Council's responsibilities
- in the event of the loss of an asset, the insurance proceeds must be paid into the New South Wales Rural Fire Fighting Fund (section 119(4) of the Rural Fires Act) and be used to reacquire or build a similar asset, which is again vested in the Council as an asset provided free of charge.

The Council has not undertaken procedures to confirm the completeness, accuracy, existence or condition of these assets. Nor has the Council performed procedures to identify the value of assets vested in it during the year. When these assets are vested, no financial consideration is required from the Council and as such these are assets provided to Council free-of-charge.

Consequently, we were unable to determine the carrying values of rural firefighting assets and related amounts that should be recorded and recognised in the Council's 30 June 2022 financial statements.

This has resulted in the audit opinion on the Council's 30 June 2022 GPFS to be modified.

Refer to the Independent Auditor's report on the GPFS.

#### **INCOME STATEMENT**

#### **Operating result**

|  | 2022 | 2021  | Variance |
|--|------|-------|----------|
|  | \$m  | \$m   | %        |
| Rates and annual charges revenue                             | 6.1  | 5.9   | 3.4      |
| Grants and contributions revenue                             | 9.5  | 10.9  | 12.8     |
| Operating result from continuing operations                  | 4.6  | 4.5   | 2.2      |
| Net operating result before capital grants and contributions | 2.9  | (0.7) | >100     |

Rates and annual charges revenue (\$6.1 million) increased by \$0.2 million (3.4 per cent) in 2021–22, with the main increase due to the IPART rate peg of 2.0 per cent.

Grants and contributions revenue (\$9.5 million) decreased by \$1.4 million (12.8 per cent) in 2021–22 due to:

- Decrease in the capital grant revenue of \$3.5 million (from \$5.2 million in 2020-2021, to \$1.7 million in 2021-2022).
- Increase in the Financial Assistance Grant of \$1.1 million (from \$3.0 million in 2020-2021, to \$4.1 million in 2021-22), due to an additional advance payment received in 2021-22;

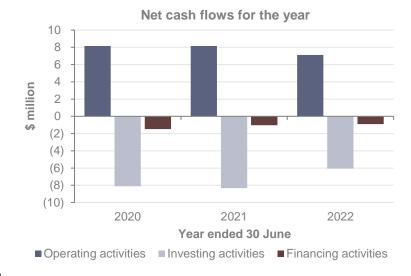

The Council's operating result from continuing operations (\$4.6 million including depreciation and amortisation expense of \$3.7 million) was \$0.1 million higher than the 2020–21 result. The increase is

due to the decrease of grants and contributions revenue by \$1.4 million, offset by the increase in net gain from disposals of assets by \$1.1 million. The net gain from disposal of assets relates to sale of John Potts Stage 8 real estate development during the 2021-22 financial year.

The net operating result before capital grants and contributions (\$2.9 million) was \$3.6 million higher than the 2020–21 result, due to the increase in operating grants received by \$2.1 million and increase in net gain from disposals of assets by \$1.1 million.

#### STATEMENT OF CASH FLOWS

- Council's cash and cash equivalents was \$3.7 million at 30 June 2022 (\$3.6 million at 30 June 2021). There was a net increase in cash and cash equivalents of \$0.1 million during 2021-22 financial year.
- Net cash provided by operating activities has decreased by \$1.0 million. The decrease is due to the decrease in grants and contributions revenue.
- Net cash used in investing activities has decreased by \$2.3 million. The decrease is due to lower purchase of infrastructure, property, plant and equipment by \$3.0 million and increase from proceeds from sale of real estate assets of \$1.4 million, offset by the acquisition of term deposit investments of \$2.0 million.
- There were no significant movement in the net cash flows from financing activities.

# **FINANCIAL POSITION**

#### **Cash and investments**

| Cash and investments   | 2022 | 2021 | Commentary  |
|--|------|------|---|
|  | \$m  | \$m  |   |
| Total cash, cash equivalents and investments                     | 5.7  | 3.6  | Externally restricted cash and investments are restricted in their use by externally imposed requirements. The externally restricted funds as at  |
| Restricted and allocated cash, cash equivalents and investments: |      |      | 30 June 2022 has increased, mainly due to increase in specific purpose unexpended grants (recognised as revenue) by \$1.3 million.  |
| External restrictions  | 3.7  | 2.0  | <ul> <li>Internally restricted cash and investments have<br/>been restricted in their use by resolution or policy</li> </ul>  |
| Internal allocations   | 1.8  | 1.5  | of Council to reflect identified programs of works and any forward plans identified by Council. The increase is due to the reinstatement of an internal allocation for the previous sale of the Junee Medical Centre property of \$0.5 million. |
| Unrestricted   | 0.2  | 0.1  | Unrestricted cash and investments have remained consistent with the prior year.   |

#### **Debt**

Council has \$8.1 million of borrowings as at 30 June 2022 (2021: \$8.8 million). The decrease in 2022 relates to payment of borrowings (\$0.6 million) with no additional new loans.

Council has a \$0.3 million bank overdraft facility (2021: \$0.3 million), which was not drawn as at 30 June 2022 and 30 June 2021.

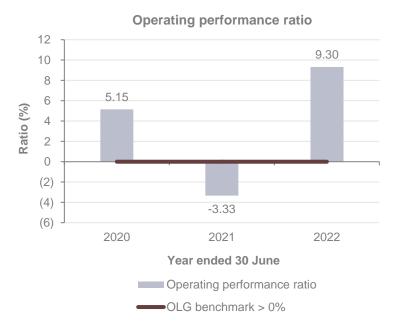

#### **PERFORMANCE**

#### Performance measures

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning and Environment.

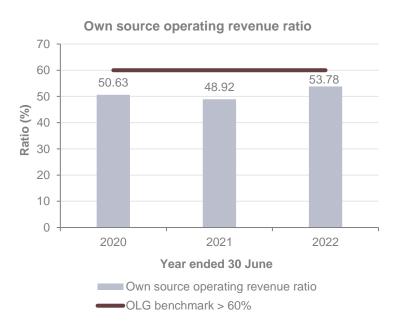

#### Operating performance ratio

- The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.
- The Council exceeded the OLG benchmark for the current reporting period.
- The operating performance ratio increased to 9.30 per cent (2021: negative 3.33 per cent) due to the increase in operating grants from the additional advanced Financial Assistance Grant.

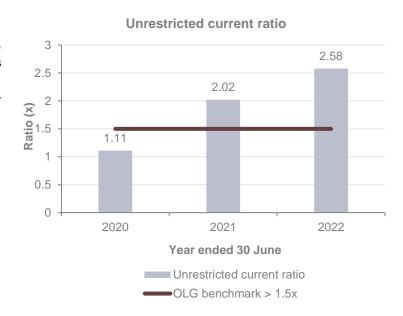

#### Own source operating revenue ratio

- The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.
- Council did not meet the OLG benchmark for the current reporting period. This indicates that the Council is more reliant on external funding sources, such as grants and contributions.
- The own source operating revenue ratio has increased in 2022, due to the overall reduction in grants and contributions revenue of \$1.4 million.

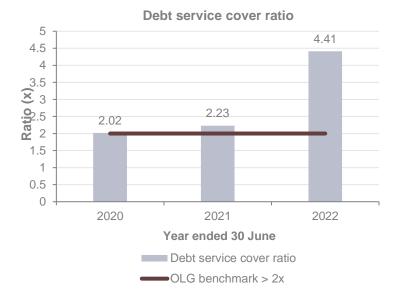

#### Unrestricted current ratio

- The 'unrestricted current ratio' is specific to local government and represents the Council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.
- The Council exceeded the OLG benchmark for the current reporting period.
- Council's unrestricted current ratio has improved, due to the increase in current assets from increase in cash and cash equivalents and investments balance from additional advanced Financial Assistance Grant of \$1.1 million and gain from sale of real estate inventory of \$1.1 million.

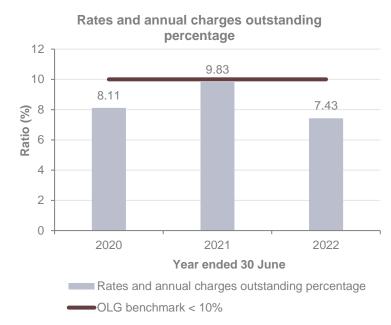

#### Debt service cover ratio

- The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments.
   The benchmark set by OLG is greater than two times.
- The Council exceeded the OLG benchmark for the current reporting period. This indicates that the Council has sufficient operating revenue to service its debts.
- The debt service cover ratio increased to 4.41 times (2021: 2.23 times) due to an increase in net operating result for the year before grants and contributions provided for capital purposes.
   This was a result of the additional advanced Financial Assistance Grant received in 2021-22.

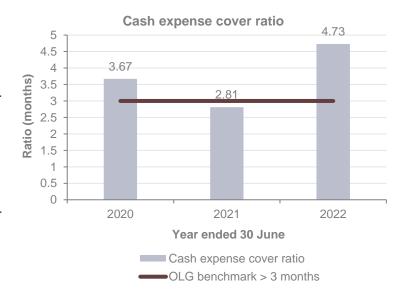

#### Rates and annual charges outstanding percentage

- The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional and rural councils.
- The Council met the OLG benchmark for the current reporting period which is a reflection of sound debt recovery procedures at the Council.
- The rates and annual charges outstanding percentage has decreased from the previous year as debt recovery actions have recommenced post COVID-19 pandemic.

#### Cash expense cover ratio

- This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.
- The Council's cash expense cover ratio was 4.73 months, which is above the industry benchmark of greater than 3 months. This indicates that Council had the capacity to cover 4.73 months of operating cash expenditure without additional cash inflows at 30 June 2022.
- The cash expense cover ratio has increased due to increase in cash and cash equivalent and investment by \$2.2 million.

#### Infrastructure, property, plant and equipment renewals

The Council renewed \$3.4 million of assets in the 2021-22 financial year, compared to \$5.5 million of assets in the 2020-21 financial year. This decline is largely due to \$2.8 million decrease in road renewals.

OFFICIAL: Sensitive - NSW Government

#### **OTHER MATTERS**

#### Legislative compliance

My audit procedures identified a material deficiency in the Council's financial statements that will be reported in the Management Letter. Rural fire-fighting assets were not recognised in the financial statements.

Except for the matter outlined above, the Council's:

- accounting records were maintained in a manner and form that facilitated the preparation and the effective audit of the GPFS
- · staff provided all accounting records and information relevant to the audit.

# SPECIAL PURPOSE FINANCIAL STATEMENTS

For the year ended 30 June 2022

## Special Purpose Financial Statements

for the year ended 30 June 2022

| Contents  | Page |
|---|------|
| Statement by Councillors and Management                       | 3    |
| Special Purpose Financial Statements:                         |      |
| Income Statement of sewerage business activity                | 4    |
| Statement of Financial Position of sewerage business activity | 5    |
| Note – Significant Accounting Policies                        | 6    |
| Auditor's Report on Special Purpose Financial Statements      | 9    |
|   |      |

#### **Background**

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.
  - Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.
- iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.
  - These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and (b) those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).
- iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

## Special Purpose Financial Statements

for the year ended 30 June 2022

# Statement by Councillors and Management made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

The attached Special Purpose Financial Statements have been prepared in accordance with:

- the NSW Government Policy Statement 'Application of National Competition Policy to Local Government',
- the Division of Local Government Guidelines 'Pricing and Costing for Council Businesses A Guide to Competitive Neutrality',
- the Local Government Code of Accounting Practice and Financial Reporting,
- the NSW Office of Water Best-Practice Management of Water and Sewerage Guidelines.

#### To the best of our knowledge and belief, these statements:

- · present fairly the operating result and financial position for each of Council's declared business activities for the year, and
- · accord with Council's accounting and other records.
- present overhead reallocation charges to the water and sewerage businesses as fair and reasonable.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 20 September 2022.

#### Note - Significant Accounting Policies

A statement summarising the supplemental accounting policies adopted in the preparation of the special purpose financial statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these special purpose financial statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with the *Local Government Act* 1993 (Act), the *Local Government (General) Regulation 2005* (Regulation) and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, fair value of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

#### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. *The Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, and returns on investments (rate of return and dividends paid).

#### **Declared business activities**

In accordance with Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality, Council has declared that the following are to be considered as business activities:

#### Junee Sewerage Service with gross operating turnover less than \$2 million

Comprising the activities and net assets of Council's Sewerage Reticulation & Treatment Operations servicing the town of Junee.

#### **Taxation equivalent charges**

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes, which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in special purpose finanncial statements. For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

#### Notional rate applied (%)

Corporate income tax rate - 25% (20/21 26%)

<u>Land tax</u> – the first \$822,000 of combined land values attracts **0**%. For the combined land values in excess of \$822,000 up to \$5,026,000 the rate is **\$100 + 1.6**%. For the remaining combined land value that exceeds \$5,026,000 a premium marginal rate of **2.0**% applies.

Payroll tax – 4.85% on the value of taxable salaries and wages in excess of \$1,200,000.

In accordance with the Department of Planning, Industry & Environment – Water guidelines, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

#### Note - Significant Accounting Policies (continued)

The payment of taxation equivalent charges, referred to in the Best Practice Management of Water Supply and Sewer Guidelines as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the Act.

Achievement of substantial compliance to the DPIE – Water guidelines is not a prerequisite for the payment of the tax equivalent charges; however the payment must not exceed \$3 per assessment.

#### Income tax

An income tax equivalent has been applied on the profits of the business activities. Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level – gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the relevant corporate income tax rate, currently 25% (20/21 26%).

Income tax is only applied where a gain from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to the 'Council' as the owner of business operations – it represents an internal payment and has no effect on the operations of the Council.

Accordingly, there is no need for disclosure of internal charges in the SPFS. The rate applied of 25% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

#### Local government rates and charges

A calculation of the equivalent rates and charges for all Category 1 businesses has been applied to all assets owned, or exclusively used by the business activity.

#### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that Council business activities face 'true' commercial borrowing costs in line with private sector competitors. In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

#### (i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed. Subsidies occur where Council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations. The overall effect of subsidies is contained within the Income Statements of business activities.

#### (ii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Funds are subsequently available for meeting commitments or financing future investment strategies. The rate of return is disclosed for each of Council's business activities on the Income Statement.

The rate of return is calculated as follows:

#### Operating result before capital income + interest expense

#### Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 3.66% at 30/6/22.

#### (iii) Dividends

Council is not required to pay dividends to either itself as owner of a range of businesses, or to any external entities.

A local government water supply and sewerage business is permitted to pay annual dividends from their water supply or sewerage business surpluses. Each dividend must be calculated and approved in accordance with the DPIE – Water guidelines and must not exceed 50% of the relevant surplus in any one year, or the number of water supply or sewerage assessments at 30 June 2022 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

continued on next page ... Page 7 of 11

# Note - Significant Accounting Policies (continued)

In accordance with the Best Practice Management of Water Supply and Sewer Guidelines, a Dividend Payment form, Statement of Compliance, Unqualified Independent Financial Audit Report and Compliance Audit Report are submitted to DPIE – Water.

#### INDEPENDENT AUDITOR'S REPORT

# Report on the special purpose financial statements Junee Shire Council

To the Councillors of Junee Shire Council

#### **Opinion**

I have audited the accompanying special purpose financial statements (the financial statements) of Junee Shire Council's (the Council) Declared Business Activity, Sewerage Business Activity, which comprise the Statement by Councillors and Management, the Income Statement of the Declared Business Activity for the year ended 30 June 2022, the Statement of Financial Position of the Declared Business Activity as at 30 June 2022 and the Significant accounting policies note.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's Declared Business Activity as at 30 June 2022, and its financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Significant accounting policies note and the Local Government Code of Accounting Practice and Financial Reporting 2021–22 (LG Code).

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the Significant accounting policies note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

#### Other Information

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates'.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Significant accounting policies note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

#### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors">www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

| Carry forward to next year <sup>6</sup>          | t = q + r - s           | 1                      | 1                      |

#### Notes

<sup>(1)</sup> The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.

<sup>(2)</sup> Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.

<sup>(6)</sup> Carry-forward amounts which are in excess (an amount that exceeds the permissible income) require Ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Act. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

#### INDEPENDENT AUDITOR'S REPORT

# Special Schedule – Permissible income for general rates Junee Shire Council

To the Councillors of Junee Shire Council

#### **Opinion**

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Junee Shire Council (the Council) for the year ending 30 June 2023.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2021–22 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

#### Other Information

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2022'.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

#### The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

#### Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar8.pdf">www.auasb.gov.au/auditors\_responsibilities/ar8.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

Report on infrastructure assets as at 30 June 2022 (continued)

#### Infrastructure asset condition assessment 'key'

| # | Condition | Integrated planning and reporting (IP&R) description |
|---|-----------|--|
|   |           |  |

Excellent/very good No work required (normal maintenance)
Cood Only minor maintenance work required

Satisfactory Maintenance work required

Poor Renewal required

5 Very poor Urgent renewal/upgrading required

# Report on infrastructure assets as at 30 June 2022
